

# Moe's Pasta Bowl Italian Mix Restaurant is a Hidden Gem!

## By: Chef Moe

After living in Iowa for 13 years, my wife, three children and I moved to St. Louis in 2003, so my son

could benefit from specialized schooling for the deaf. In 2007, I jumped at the opportunity to bring my style of high quality food, served in a casual atmosphere, right into the heart of St. Peters. My restaurant, Moe's Pasta Bowl Italian Mix, also reflects the strong family values we've used to raise our children. This is a place where you can count on comfortable surroundings, delicious and affordable food all in a family type atmosphere. You may walk in a stranger, but you'll leave a customer for life.

This delicious treasure is tucked away in a small plaza at 318 Mid Rivers Mall Drive in St. Peters. Our entrées are full of flavor and made from scratch. From salads, soups, sandwiches, pizzas, wraps and, of course, pasta, there's something for everyone. Our bread is made daily and our sauces by hand using only the freshest ingredients. Our emphasis is on quality food, served with generous portions, at an affordable price. In fact, we can feed a family of four for \$20 (Carry - Out Only).

In addition to our spacious main dining area, there's also a private meeting room. We also offer free WIFI to all our customers. On-site catering is available, and we'll deliver to your home or location of your choice.

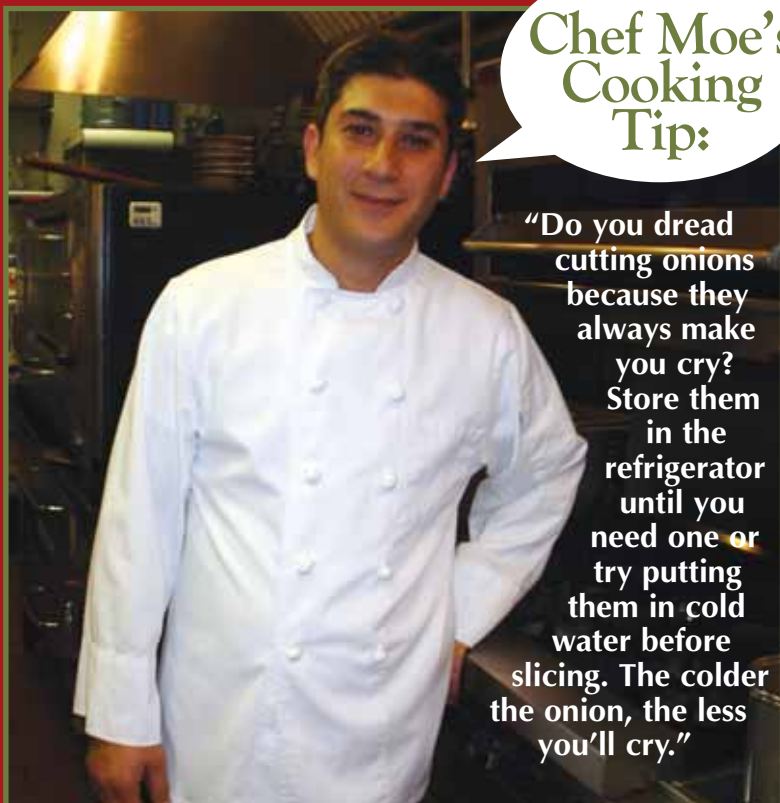

Our goal is to be the Number One restaurant in St. Charles County, and we're well on our way! Bring your friends and family and stop by and ask for Chef Moe!

## Testimonials

*As a mother, my eyes move first to check whether there's a kid's menu. (I have notoriously picky eaters). They've got the classics: mac and cheese, spaghetti, and grilled cheese among the top options. We did order the grilled cheese, and whatever bread they use is awesome. Probably the most delicious grilled cheese I've come across in a long time (yes of course Mommy ends up taking bites). Prices were very reasonable, too.*

*As someone else said in reviews, this is a diamond in the rough! Magnificent Italian food at a very good price! I'm telling everyone I know about it. The inside of it looks wonderful and is very comfortable (like a very nice St. Louis Bread Co - with an Italian twist). It has free wireless internet. I love the Calzone Tuscan Lunch special (the balsamic vinegar sauce is great with it)!*

## Chef Moe's Cooking Tip:

"Do you dread cutting onions because they always make you cry? Store them in the refrigerator until you need one or try putting them in cold water before slicing. The colder the onion, the less you'll cry."
